

TREELINE SERVICES LTD ENVIRONMENTAL POLICY STATEMENT

TREELINE SERVICES LIMITED is committed to being an environmentally and worker friendly company, seeking to provide the highest level of protection and promotion with regards to all aspects of our services and working methods. We are aware that the environment is a finite source which is under threat and our work practices are tuned to doing all we can to reduce this threat.

Strict adherence to all latest legislation including complying with The Environmental Protection Act 1990, The Pollution Prevention & Control Act 1999, The Wildlife & Countryside Act 1981, The Countryside & Rights of Way Act 2000 and The Habitat Regulations 1994 – 2007, copies of which are in the Office Library, together with strict compliance with our own Health and Safety Policy and Integrated Management Systems.

Currently, our green waste is processed into biofuel woodchip, which we are licenced to do by The Environment Agency, and recycled for a renewable energy source. The very nature of our work is committed to tree healthcare, the management of trees and sustaining the precarious balance of nature and the environment.

We would always seek to continue to improve our 'environmental performance' and are aware of the facilities and guidelines offered by the Environment Agency and through our own targets set out in our integrated management systems.

All of our operations and procedures are set out in our Environmental Policy below.

This Policy will be subject to regular review.
